**About IBM :**

IBM is a global technology and innovation company headquartered in Armonk, NY. It is the largest technology and consulting employer in the world, with more than 375,000 employees serving clients in 170 countries.

Today, IBM is much more than a “hardware, software, services” company. IBM is now emerging as a cognitive solutions and cloud platform company. IBMers are helping transform healthcare, improving the retail shopping experience, rerouting traffic jams and even designing the next generation fan experience in sports stadiums around the world. It's the kind of thing IBM has been doing for more than 100 years.
